SEARCH FOR THE MANTE TRIBE

Your team has been task with locating and getting in touch with a hidden indigenous tribe that has lived on Sentosa Island covertly for decades. Their shaman possesses the long-lost, top-secret Mante shamanic healing technique, which can heal any illness. The only piece of information you have is that Adil is the only one who knows where they are, but Adil would not readily divulge that.

To win Adil's confidence and learn where the Mante tribe is, your crew will have to face the Trials of Mante. Your team is not the only one searching for the Mante Tribe, though, as Adil will only give the location to the first team to successfully complete the Mante Trials.

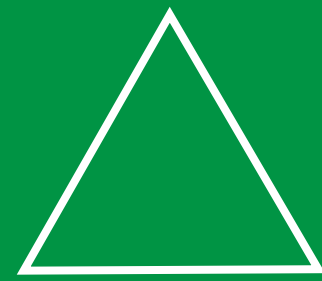

The Gogreen Amazing Race @ Sentosa is a fun outdoor team-building activity that provides you and your group with an engaging and interactive team-building experience. As your group races against the clock, discover hidden talents of your team mates and forge close bonds as you work together using Eco-Mobility vehicles such as Segways, Kick Scooters, Bicycles to solve puzzles, complete cooperative challenges and overcome obstacles.
